New Columban Superior

Columban Fr Kevin O’Neill from Geelong, Victoria was elected as Superior General of the Missionary Society of St Columban at the Columban General Assembly in Los Angeles on September 20, 2012.

Fr Kevin O’Neill was born in Geelong on November 23, 1962 and is one of six children, including a twin brother, Peter, who is also a Columban Priest. His parents, John and Ruth reside in Geelong.

He was educated at Our Lady’s, Manifold Heights and St Joseph’s CBC, Newtown in Victoria and studied chemical engineering at RMIT University before entering St Columbans Seminary, Turramurra, NSW in 1984. He was ordained in 1992 by Bishop Peter Connors at Manifold Heights.

Fr Kevin has worked in Taiwan and Ireland, and is currently working in China. In his new appointment he will reside in Hong Kong where the Columban headquarters are situated.

After his election, Fr O’Neill said, “I am both humbled and honored to be called forth by my fellow Columban missionaries to lead for the next six years. Our world is still in need of missionaries who cross boundaries of country, culture and religion. Our commitment to interculturality, inter-faith dialogue, solidarity with the poor and the exploited earth is a participation in the Mission of God.

Our proclamation of the Gospel of Jesus challenges us to build communities of peace. While continuing to work in all the countries where there are Columban missionaries we have decided to strengthen our presence in China and our engagement in Christian-Muslim dialogue.”

WYD Invitation

Fr Gary Walker, Regional Director for Australia and New Zealand recently sent a letter to the Catholic Bishops of Australia inviting the pilgrims for World Youth Day (WYD) 2013 from their dioceses to participate in a Columban four-day parish-based mission experience in Santiago, Chile on-route to Rio de Janeiro.

“There will be many young people in Chile who will not be able to attend WYD Rio. Columbans see this experience as a mini World Youth Day for all participants. Chilean youth from Columban parishes in poor areas will have an encounter in faith with the young Australian pilgrims.”

The Dioceses of Bathurst, Brisbane, Christchurch, Canberra/Goulburn, Hobart, Victoria (Melbourne, Sale, Sandhurst, Ballarat) have accepted the invitation.

Columban Fr Dan Harding with 21 years of mission experience in Chile and Mrs Janette Mentha, Director of Mission Programs at Columban Mission Centre in Melbourne will make several trips to Chile beforehand as a part of the co-ordination between Australia and the parishes in Chile.

Making a big splash

Mission Partnership

As part of our ongoing partnership with Columban Mission, the year six Social Justice Leaders of St Vincent de Paul Primary School, Strathmore, planned and promoted several fundraising activities during the school’s ‘Mission Month’.

These highly successful events, which were held early in Term 3 included a Senior and Junior Disco. A Mission Fete also took place with activities from splash-dunking, cake stalls, guessing competitions, basketball hoops, games, short movies, cake decorating and more.

The students were keen to support in every way they could the fantastic work of the Columban Mission, especially in the Philippine’s area of Malate. It was with great pride that Mr John Grant, on behalf of the whole St Vincent de Paul Primary School community, handed a cheque of the proceeds from these events to the Columbans early in September.

The students and staff had a wonderful time learning about, and contributing to, our partnership with the Columban Mission.

We hope the funds raised will go a long way to helping the fantastic work of the Columban Missions – and we look forward to future endeavours together.

‘The Far East’ goes audio

The smooth and velvety voice of Villa Maria volunteer, John Doherty has been enjoyed by hundreds of people for more than six years. Each week from his Adelaide home, John records text from Catholic magazines including The Far East, Sunday Mass readings and newsletters for vision impaired people supported by Villa Maria.

Up until recently, John - along with two other volunteer readers - were using out of date audio tape cassettes. He is now delighted with the introduction of DAISY (Digital Accessible Information System) which enables people to access the texts as digital audio files with better sound quality, resume playback options and storage of books on one CD.

"The system is widely used across the world and it has many advantages. Villa Maria are working closely with Christian Blind Mission and Vision Australia to provide this unique service," said Sr. Mary O’Shannessy, Villa Maria’s Pastoral Care Coordinator.

St Columbans would like to thank John Doherty, who so generously donates his time recording The Far East each month.

Recently Columbans and the Negros Nine Human Development Foundation (NNHDF) went into partnership with local and provincial governments to produce and develop Abaca Fibre products in order to give employment to people especially in remote areas.

Twenty women from around the Demo Farm of the NNHDF, all members of our Organic Cooperative, have undergone training in weaving the Abaca Fibre also known as Manila Hemp. At present they are the only active weavers in the whole of Negros Occidental.

The Philippines grows 85% of world production, which is mostly exported for ropes. Our project will be value added as the raw material will be made into various products, both for local and export markets.

The Department of Labour will donate six new hand weaving looms and two sewing machines for AUD$6,000.

A new building to accommodate the machines/weavers has been funded from Australia.

I would like to thank Columbans benefactors who have responded to the call of mission and support us in our works.

Coming soon...

A number of donors have recently highlighted the cost of purchasing a money order from Australia Post to either make a donation or pay a subscription. In order to circumvent this cost some donors have suffered from the risk of posting cash in the mail.

For those donors who do not operate a cheque account or possess a credit card, the Society is in the process of implementing the Postbillpay facility from Australia Post. This option will enable donors to make across the counter payments at Australia Post outlets anywhere in Australia at no cost to them. Australia Post advise, however, that the cost to the Society for each transaction will be $2. The Society believes that this is an acceptable cost to ensure that our benefactors can continue to support our work.

We are hopeful that this payment option will be available by March 2013. You will know when this payment option is available when you see the Postbillpay symbol on future payment vouchers.
