**BUILDING HOPE**

## **O Divine Source of Light**

Lord, we acknowledge your presence in every soul and every corner of the universe, for you are the ultimate source of love and light.

Grant us, dear Creator, the strength and wisdom to be beacons of light to one another.

Help us to shine brightly with compassion, kindness, and understanding.

Guide us to see the divine spark within each person we encounter, regardless of their background or beliefs.

Fill us with empathy and a genuine desire to serve others, so that we may truly make a positive difference in their lives.

As we strive to be lights for each other, may your light shine ever brighter within us, illuminating the path of love and righteousness.

Amen.
